**PROBLEM STATEMENT**

Ritchie is a small town situated 40 kilometres south of Kimberley on the north bank of the Riet River in the Northern Cape province of South Africa. The town, with a population of approximately +-18,000, is in the Sol Plaatje Local Municipality, which forms part of the Frances Baard District Municipality.

A water purification plant is built in the area of which raw water is abstracted from two points, the Riet River and through a water channel from the Orange River. The Purification plant has recently been up graded to sustain and provide sufficient portable water to the community. Maintenance and repair costs is huge and a need to mitigate this challenge is urgently required.

As stated above that water is abstract from the mentioned sources, the PSTs accumulate sludge through the processing therefore the sludge reduce the storage quantity which necessitates the cleaning of the PSTs.

Cleaning the PSTs and channels is an immediate intervention that the Municipality is intended to implement. This will also eliminates the clogging of the filtration processes and increase quality of drinkable water.

### CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging). Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
  - a. take all reasonable steps to prevent such abuse;
  - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
  - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

**Includes price quotations, advertised competitive bids, limited bids and proposals.**

**Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.**
