

Sol Plaatje Municipality Notice of public participation process for the IDP 2022/23 REVIEW AND PREPARATION FOR 2023/24

The public participation process will commence from the 7th until the 24th of November 2022, and all interested parties, local communities and stakeholders are urged to participate to ensure substantive community empowerment which will result in better long term plans to inform shorter term plans, resource allocation, trade-offs (community needs vs strategic needs) as well as the sequencing of implementing plans. This is a prerequisite for a "credible" IDP

START DATE 07 NOVEMBER 2022
