

# SOL PLAATJE MUNICIPALITY

## INCENTIVE TO SETTLE MUNICIPAL ACCOUNT

We wish to remind the public that our policy provides for settlement discounts on all accounts in arrears subject to certain conditions. An extract of the policy appears below:

**“The municipality shall implement a further incentive for settlement of arrears accounts as illustrated below:**

**100 % of all interest charges and penalties not yet paid and still reflecting on the consumer’s most recent account may be written off if such account is settled in full prior to the next billing run of such account.”**

This does not apply to accountholders seeking clearance figures for the issue of a clearance certificate.

We urge all accountholders who are in arrears to please ensure that arrangements are made to avoid the inconvenience of your electricity being suspended during the holiday season. This would especially be disadvantageous where you have gone on holiday and your electricity is suspended causing potential ruin of your refrigerated items and compromising your property’s safety where there is no power to your alarm. For further information and enquiries please contact our Credit Control Section on any of the following numbers 053 830 6115/6796/6744.
