METHOD OF POINTS CALCULATION (Continued)

ESTABLISHMENT OF HDI EQUITY OWNERSHIP IN AN ENTERPRISE

Equity ownership shall be equated to the percentage of an enterprise which is owned by individuals classified as HDI's, or in the case of a company, the percentage shares that are owned by individuals classified as HDI's, who are actively involved in the management and daily business operations of the enterprise and exercise control over the enterprise, commensurate with their degree of ownership.

Where individuals are not actively involved in the management and daily business operations and do not exercise control over the enterprise commensurate with their degree of ownership, equity ownership may not be claimed.

ADJUDICATION USING A POINT SYSTEM

The bidder obtaining the highest number of points **may** be awarded the contract.

Preference points shall be calculated after prices have been brought to a comparative basis.

Points scored will be rounded off to 2 decimal places.

In the event of equal points scored, the bid **will** be awarded to the bidder scoring the highest number of points for specified goals.

POINTS AWARDED FOR HISTORICALLY DISADVANTAGED INDIVIDUALS

Equity claims for a trust will only be allowed in respect of those persons who are both trustees and beneficiaries and who are actively involved in the management of the trust.

Documentation to substantiate the validity of the credentials of the trustees contemplated above must be submitted.

Listed companies and tertiary institutions do not qualify for HDI preference points.

A consortium or joint venture may, based on the percentage of the contract value managed or executed by their HDI-members, be entitled to preference points in respect of an HDI.

A person awarded a contract as a result of preference for contracting with, or providing equity ownership to an HDI, may not subcontract more than 25% of the value of the contract to a person who is not an HDI or does not qualify for the same number or more preference for equity ownership.
