Should this aforementioned firm not be prepared to undertake the work at the contract price identified, in the discretion of the Engineer, or his representative, quotations will then be called for from the other successful contractors, firstly, and only if necessary from other firms, in order to obtain the required minimum of three [3] quotations.

2.11. Functionality

- (a) Tenders will be evaluated on the functionality criteria as set out below. Bidders must score a minimum of **60 points out of 100 points** for this criterion. Unclear, vague, fragmented, or incomplete information provided will result in no points being allocated.
- (b) Bidders must ensure that relevant information is submitted. If information is not submitted or referred to as an attachment, no points will be awarded.
- (c) No information or documentary proof, relating to the tender functionality will be requested after closure of the tender.
- (d) The following criteria will be used to calculate points for the functionality of tenders and bidders should ensure that they submit all information in order to be pre-evaluated on the criteria mentioned below:
- (e) Functionality criteria are further divided as follows and points will be awarded as indicated below:

NR	CRITERIA	MAXIMUM POINTS	BIDDER SCORE
1	Company (or JV) Experience	30	
2	References Related to that Experience	30	
3	Key Site Staff & Personnel allocated/reserved for this Tender	20	
4	Plant, Equipment, Tools & Machinery allocated/reserved for this Tender	20	
<b>TOTAL</b>		<b>100</b>	

**Criterion 1: Company (or JV) Experience**

- (a) A maximum of **30** points will be awarded at the sole discretion of the Municipality's Bid Evaluation Committee based on the information provided. Please note that this section refers to the Company's and its legacy firm past experience, and is not a duplication of Criterion 3's Key Staff and Personnel. Meaning this section takes into consideration that the company as an entity has gained relevant experience in the past and showcases that the company is in the business of said Scope of Works.

(b) Relevant experience is defined as the accumulation of knowledge or skill that results from direct participation in relevant/similar events or activities and/or as determined by the Sol Plaatje Municipality and/or professional consulting engineer where applicable.

	<b>Total</b>	

(c) To claim points for the above, bidders must submit sufficient information as well as documentary proof of experience relating to **Strip and Repair of Pumps, Mechanical Equipment and Electrical Motors**, using completion certificates or appointment letters.

(d) Points will only be awarded for **relevant & completed experience** obtained relevant to the Tender Scope of Works. To be able to gain points the Tenderer must submit proof that the company has obtained the relevant experience for this Tender's Scope of Works & Specifications, and not only parts thereof. If experience is listed, please ensure it is applicable and relevant to the whole of this Tender and not only to parts thereof, otherwise the Bidder will not be awarded the necessary points. **Tenderers to provide enough experience to score the total points as prescribed e.g. to claim 30 points, more than 8 years of relevant experience should be listed.**

NB: If no information is provided below OR referred to as an additional attachment **NO POINTS WILL BE AWARDED.**

The Municipality reserves the right to validate and verify the information from the references or to ask more questions or proof to satisfy the evaluation process.

Please note that points will not overlap, meaning points are awarded only once per reference/company/entity *per project experience*. Please refrain from submitting multiple references from the same company on the same project. Please note it is the duty of the Bidder to ensure that the references given are relevant to the Scope of Works.

Reference Scoring: A maximum of **30** points will be awarded at the sole discretion of the Municipality's Bid Evaluation Committee based on the information provided and will be split as follows:

- In order to claim points, bidders must submit, with the tender document, three reference letters or questionnaires to which the abovementioned Experience has been provided.
- These references letters or questionnaires must be current/most recent, relevant and related to the Experience submitted. **The letters must not be older than five (5) years.**
- It is the bidder's responsibility to ensure that the details provided are correct, before submitting his tender, and that the references will be available and be able to provide additional feedback, if necessary.
- If the references are unable to validate, verify or provide additional information on the projects, no points will be awarded for that particular reference.
- 5 points (1 point per question) will be awarded for each reference letter or questionnaire that is positive and relevant to the Scope of Works of this contract, subject to the final discretion of the Bid Evaluation Committee.

NB: If no reference letters or questionnaires are attached **NO POINTS WILL BE AWARDED.**

# CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging). Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
  - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
  - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

**Includes price quotations, advertised competitive bids, limited bids and proposals.**

**Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.**
