- 2.2. As trustees on behalf of the local community, the Municipality shall adhere to its legislative and moral obligation to ensure it implements this policy to safeguard the monetary value and future service provision invested in property.

3. LEGAL FRAMEWORK

- 3.1. This policy has been compiled in accordance with: -
 - 3.1.1 Section 229 of the Constitution of the Republic of South Africa, giving the municipality power to value and rate property in its area of jurisdiction;
 - 3.1.2 The Municipal Property Rates Act, 6 of 2004;
 - 3.1.3 The Local Government: Municipal Finance Management Act 2003, hereinafter referred to as the “MFMA”; and
 - 3.1.4 The Local Government: Municipal Systems Act, 2000, hereinafter referred to as the “Systems Act”.
- 3.2 This policy shall be subject to the applicable legislation.
- 3.3 This policy shall be applied with due observance of the Municipality’s policy with regard to delegated powers. Such delegations refer to delegations between the Municipal Manager and other responsible officials; the Council and the Executive Mayor as well as between Council and the Municipal Manager. All delegations in terms of this policy must be recorded in writing.
- 3.4 The Council shall, as stipulated in Chapter 4 of the Municipal Systems Act and section 22 of the MFMA, provide measures for continuous consultation with the community and other stakeholders in the development and ultimate adoption of this Property Rates Policy.
- 3.5 The Constitution entitles everyone to administrative action which is lawful, reasonable and procedurally fair and to be given reasons for any such action which affects them.

The Promotion of Administrative Justice Act 3/2000 is the legislation required by the Constitution to give effect to the right to just administrative action and in order to promote and efficient administration and good governance and to create a culture of accountability, openness and transparency in public administration or in the exercise of a public power or the performance of a public function.

This policy incorporates the above principles by providing parameters and procedures to guide the municipality and its officers in implementing it, and thereby exercising a public power through a series of administrative actions. In so doing, this policy seeks to provide certainty on the part of those affected by it with regard to how the municipality will act in the circumstances covered by the policy and uniformity of action on the part of its officers.

The municipality commits itself and its officers to act fairly and justly in an open and transparent manner in implementing this policy.

4. IMPOSITION OF PROPERTY RATES

4.1. Obligation:

4.1.1. The Council shall as part of each annual operating budget component impose a rate in the rand on the market value of all rateable property recorded in the municipality's valuation roll and supplementary valuation roll.

4.1.2. The Council pledges itself, subject to any applicable limitations by law, to limit each annual increase as far as practicable to the increase in the consumer price index over the period preceding the financial year to which the increase relates and to any limitations imposed by National Treasury.

4.1.3. The Council shall, in imposing the rate for each financial year, take proper cognizance of the aggregate burden of rates and service charges on representative property owners, in the various categories of property ownership, and of the extent to which this burden is or remains competitive with the comparable burden in other municipalities within the local economic region.

4.2. Policy principles

All ratepayers, in a specific category, as determined by Council from time to time, shall be treated equitably, as required by Section 3 (3) (a) of the Act;

4.2.1 Rates shall be raised in proportion to the improved value of the property;

4.2.2 The rates tariff shall be based on the value of all rateable properties and the amount required by the municipality to balance the operating budget after taking into account profits generated by trading and economic services and the amounts required to finance exemptions, rebates and reductions of rates as approved by Council from time to time;

4.2.3 Property rates shall not be used to subsidize trading services;

4.2.4 Exemptions, reductions and rebates should not unreasonably affect the income base of the municipality.

Therefore, pursuant to section 3 (3) (b) of the Act, it is the policy of the municipality, when –

- * levying different rates for different categories of properties;
- * exempting a specific category of owners of properties, or the owners of a specific category of properties, from payment of a rate on their properties;
- * granting rebates;
- * increasing rates;

to apply the following criteria -

- * poverty alleviation
- * stimulation of industrial growth
- * promotion of tourism
- * creation of jobs
- * maintenance of agricultural activity
- * assist charity and other public benefit organizations
- * the consumer inflation index
- * this municipality's budgetary needs
- * this municipality's integrated development plan
- * amounts contributed by services

4.2.5 **Compliance with section 3 (3) (d) of the Act**

Pursuant to section 3 (3) (d) of the Act, it is the policy of the municipality to exercise its powers in terms of section 9 (1) of the Act in relation to properties used for multiple purposes by assigning a property use for multiple purposes to a category based on the purpose corresponding with the dominant use of the property where such dominant use is either Industrial / Commercial or Mining. Where the dominant use is any other, the property will be valued and rated using the apportionment in terms of section 9 (2) of the Act.

4.2.6 **Compliance with section 3 (3) (f) of the Act.**

Pursuant to section 3 (3) (f) of the Act, it is the policy of the municipality to provide indigent property owners as registered in terms of this municipality's indigents policy a rebate on their rates account.

4.2.7 **Compliance with section 3 (3) (h) of the Act.**

Pursuant to section 3 (3) (h) of the Act, it is the policy of the Municipality to, in addition to the exemption of the first 30% of value and the phasing

in as prescribed in the Act, to consider further rebates on public service infrastructure, taking into account the Integrated Development Plan (IDP) priorities and objectives. The quantification of such rebates is to be determined by the annual budgetary process.

4.2.8 **Compliance with section 3 (3) (i) of the Act.**

Pursuant to section 3 (3) (i) of the Act, it is the policy of the Municipality to promote the interests of social or economic development, or when competing with other municipalities for investment of a specific nature, to consider providing incentive rebates in order to attract such development or investment, provided such development or investment is quantifiably beneficial to the community and should not amount to unfair discrimination as contemplated in Chapter 2, section 9 of the Constitution.

4.2.8.1 The property will be offered an incentive rebate as a percentage against its rateable category. E.g. if a manufacturing plant is established on an industrial property and it is desirable, provides employment and boosts the local economy, a rebate (as a percentage) against the rating tariff for “Industrial Property” will be offered.

4.2.8.2 The extent of the incentive rebate offered by Sol Plaatje Municipality will be determined by the Municipal Manager and the Chief Financial Officer upon application by the interested party. The following criteria, in determining this percentage, will apply:

- Value of investment into the city
- Number of local jobs created
- Desirability of industry/commercial activity
- Location of property
- SPM budget availability

4.2.8.3 The maximum incentive rebate offered is 100 % and applies to property rates only.

4.2.8.4 Incentive rebates offered are only valid from date of completion of the development, and valuation of such development on the Supplementary Valuation Roll.

Such incentive rebate remains valid for the period for which it was offered and for as long as all municipal policies, by-laws, National and Provincial legislation is adhered to and as long as the property owner maintains their municipal account to the Municipality's satisfaction.
