Background

Eigenbau Pty Ltd is a company with a long history of successful projects in the water and wastewater treatment industry. As such, Eigenbau competitively tendered for the appointment for various mechanical and electrical works at the Riverton New Works. Eigenbau were appointed as the sole Main Contractor in the refurbishment of new plant's filters, clarifiers, backwash system and wash water recovery systems at Riverton Water Treatment works. Eigenbau has been site instructed by the Employer to expose cables and pipes, and this is the element of work which Eigenbau wishes to sub-contract

Site Location

Riverton Water Treatment Works is located 30km north of Kimberly along the Vaal River. The construction site is adjacent to the plants main peripheral fencing close to the main entrance gate. The site is controlled/managed/ secured by Sol Plaatje Municipality and therefore any service provider is required to co-operate with them or their selected service providers/contractors etc and abide by any rules of their site. Access is by road.

Scope of work

Eigenbau requires the services of a competent and fully registered Contractor to supply manual labour, all previously inducted, with current medicals and PPE

The Scope of work entails:

- a. Manual excavation as directed on site

Assumptions

Quotes should include hourly rates for 10 labourers and 1 supervisor.

Constraints

Submission closing date will be on the 28th of October 2025.

Dependencies

- a. Nonapplicable.

Risks and Mitigation

Not required for this package.

Milestones

Not applicable to this package.

Progress reporting

Not applicable to this package.

Approvals

All approvals will be done by the Main contractors Project Manager.
