

Project Title	CONTRACT No: BFI01/23/MWTWSC2: RIVERTON WTW REFURBISHMENT OF NEW PLANT'S FILTERS, CLARIFIERS, BACKWASH SYSTEM AND WASH WATER RECOVERY SYSTEM
Work Package Title	Removing of filter media by manual labour
Date of Work Package	13 January 2026
Project Manager	Stephen le Roux
Start Date	1 February 2026
Expected Works Duration	+/- 30 Days
Reference	C323-WPK008

Purpose

The objective of this work package is to engage a service provider to provide resources as follows on site:

- Supervisor / Safety Representative x 1
- General Workers x 9
- Ladders, Buckets, Ropes and wheelbarrows

Scope of work

1. Removal of filter media from Rapid Gravity Filters at Riverton New Works :

2. Twelve filters need to have the media (sand and stone) removed to ground level. Each filter has approximately 50m³ of material (130 tons) which must be removed with buckets and ropes. One builder's bucket of material weighs approximately 25 kilograms (5200 bucket loads). Shovels can be used to fill the buckets up to the last 150mm of material, which is filled with stone, which must be carefully removed with hand spades, not to damage the nozzles below (see photos above). The material must be stockpiled on the ground adjacent to the filter block, in places where there is access for the tip truck to collect it, where it will be removed by the main contractor. This will require transporting the material to certain loading points along the walkways, using wheelbarrows.
3. The subcontractors will be paid per filter, on completion, 30 days from the month end in which the filters are completed.
4. Subcontractors must pay the statutory minimum wages, or more, to their workers. The statutory rate is R28.79 per hour.
5. Only two filters are made available at one time, and then there is a waiting period of approximately two weeks until the next two filters are made available.
6. Contractors will be required to do medicals, to issue their staff all the appropriate PPE and maintain a safety file, with daily diaries

Terms and Conditions :

This opportunity is restricted to enterprises meeting the following criteria: they must qualify as a Local Enterprise, Local Emerging Contractor, Local Services Provider, or Local Supplier, and must be recognized as a Targeted Enterprise as defined below.

Eigenbau intends to place a single order for the procurement and supply of valves with one selected vendor.
